Re: C00542266
Year End Report (10/01/13 - 12/31/13)

Mr. Jones:

I am writing in response to your letter dated April 10, 2014, which requested additional information with regards to certain itemized disbursements. The Committee has amended its 2013 Year End Report in order to provide the Commission and the public with further clarity as to the purpose of disbursements, which were originally ? and inadvertently ? listed as simply ?consulting? or ?event expenses.?

The Committee understands the need to provide adequate descriptions for its disbursements and to ensure proper transparency in the future we have reviewed the documentation providing additional clarification regarding inadequate purposes of disbursements published in the Federal Register.

The Committee appreciates the opportunity to provide additional information and to have its amended report made part of the public record.

Very Truly Yours,

Carmine J. Guiga
Assistant Treasurer
